Strengths: Ronaldo can take on any defender with a searing pace, and mesmerizing footwork to boot.his ability to beat a player and whip in crosses makes him a feared opponent. the way his free-kicks were with pace and power is a great asset to his team	Strengths: his ball skills are second to none, his runs from midfield are usually lethal and he is almost impossible to tackle when he gets his head down.his balance when running at speed is incredible. Also, his goal-scoring ability is amazing.
Weakness: On occasion, he goes to the ground far too easily and sometimes tries a trick when a simple pass would do. Despite his scoring, he sometimes messes up a goal-scoring opportunity by doing fancy moves he is incapable of pulling off.	Weakness: Too often he searches for a way to finish moves by himself without looking for teammates in a better position to shoot a goal.his strength can be questioned at times when trying to finish close to the net and gets pushed off the ball too easily because of the disadvantage of his short height as well.
Career-high: Won the UEFA champions league with manchester united in 2008, and subsequently won the FIFA ballon d'Or.	Career-high: Won the FIFA ballon d'Or 4 times in a row.
Career low: Losing to Greece in the final euro 2004 on home.	Career low: Unable to perform to his best in the 2006 world cup in Germany, where Argentina was eliminated in the quarter-finals with Messi looking on from the bench.
